> **Swinburne's *New* Professional Purpose Program**

Become that person who springs out of bed every morning, charged with energy for the workday. Have a job that doesn't feel like a job, because you're adding value to the world and being recognised for it. Nurture a network of colleagues and mentors you also call friends. How's that for a life goal?

Launching this year, Swinburne is introducing its *Professional Purpose Program*, geared towards assisting students identify their values and goals, and letting those guide their career choices. The *Professional Purpose Program* runs alongside a student's bachelor's degree and functions like a life and career planner. Its objective – to help students make the most of their university experiences and set themselves up for the sort of meaningful success others can only dream of.
