

International Student Program

Rationale:

To ensure all international students receive a high-quality education in a safe learning environment within government schools accredited to provide education services to international students.

Aims:

To secure the entitlements of all international students and to globally enhance Kambrya College for its international student program.

Policy:

There are five categories of international students who may enroll in a government school:

- **Study Abroad:** shorter term study option.
- **Temporary:** students who are visiting Australia on a temporary basis, e.g. as tourists.
- **Dependent:** children of persons, usually as tertiary students, who are in Australia.
- **Exempt:** these students are exempt from paying tuition and related fees. The categories for exemption are identified in the Ministerial Order based on their purpose of stay and contribution to Victoria. This includes AusAid or Defence Sponsored Scholarship holders.
